

April 2016

In addition to being dedicated to your safety and the protection of your belongings, did you know that Hershey's Mill Security is also concerned about your financial well-being? **Some homeowners insurance companies offer discounts** to homeowners who enjoy 24-hour security, patrolled roadways, and/or an alarm system that is centrally monitored on site. Simply call your homeowners insurance company or agent and inquire as to whether they offer this discount. If they do, stop by the Main Gate Security Center to pick up a Hershey's Mill Homeowners Insurance Letter that you can fill out and mail in to your insurance company. Many homeowners have experienced discounts of up to 20% on their homeowners insurance premiums, and we would hate for you to miss out!
