

January 1, 2016

As of January 1, 2016, all large items that are considered bulk will be charged at a flat rate of \$15.00, after your free one per month.

It does not matter what type of bulk it is.

For an example, you could have a sofa and a mattress and the price would be \$30.00 which is \$15.00 per item. It would not be \$30.00 for a couch and \$15.00 like the old policy was.

In addition, all items that contain Freon will be \$80.00. There are no exceptions to the rule like there is for bulk.

If you would have any questions concerning this letter please call 610-265-6337 during normal business hours.

As always, thank you for your business.
