

The email below is a reminder NOT to sign up with any Verizon FiOS Services representative before you get the official word that your village is ready.

If you sign up before the Hershey's Mill transition you may be liable for extra fees. Please read the letter below from Sherry Kane.

Subject: MA: WAIT to sign up for Verizon FIOS

To: [mcfallse@aol.com](mailto:mcfallse@aol.com)

MA Members:

Please distribute the notice below to your residents so they do not sign up through the wrong channels. Thank you.

Ed McFalls

Hershey's Mill Residents,

No Village within Hershey's Mill is 'Network Created' and no Village has the ability to receive Verizon FiOS services as of today. No matter what anyone says, Verizon FiOS services are not available yet. Please do not order any Verizon FiOS services from any one.

If Verizon FiOS services are ordered through any Verizon Call Center telephone number other than the one that will be published to you as your Village is 'Network Created' you will incur a non refundable \$99.99 installation and activation fee.

WAIT to sign up for any Verizon FiOS Services. Each village will receive a telephone number to order their services through.

Thank you,  
Sherry
