

Renters and Home Owners with Renters in Hershey's Mill

February 15, 2018

As of January 2018, Owners will be paying \$30.11 more than they are paying right now for Bulk Telecommunications Services. Owners are already paying \$31.64 for Comcast Basic Bulk TV. In January, that amount increases to \$61.75 as Comcast and Verizon fees are prorated for the entire year. See hersheysmill.org Frequently Asked Questions and Verizon Transition Update for details.

The Verizon Bulk Package, Includes

- HD Television
- Preferred Channel Line Up*
- One (1) HD Set Top Box
- Internet – 150/150 Mbs Upload and Download Speeds
- One (1) Dual Band Router
- Phone/Voice (Dial Tone) – unlimited calling nationwide, Canada and Puerto Rico

*Subject to change

Verizon Accounts for RENTERS

Verizon will set up a separate account for you, just as Comcast did, for any extras added over and above the list above; like extra set top boxes, Premium channels or Pay for View movies, etc.. The bill will come directly to you.

Renters Responsibilities:

As the Resident at the time of ONT installation or Verizon Transition, you are responsible for responding to requests for entrance to the home for ONT installation and for setting up your personal account when it is time for your Village to transition to Verizon. Notifications will come to you through your Village Council and will be posted on hersheysmill.org. Be sure the Village Council and Managing Agent has your email address and contact telephone number. No one will call you or knock on your door. You must act proactively.

More Information and Details

For details, please read the documents posted on hersheysmill.org and attend the Community Wide Transition Presentations. Schedule sent out via email and posted.
