

## **How to Change the WiFi ID (Network Name) and Password**

The WiFi ID and Password are on the side of the Router. To change either or both:

Through 'My FiOS' app on a laptop, tablet or smart phone or smart TV  
(To get the 'My FiOS' app, download it from the App Store on your device.)

Sign in to 'MyFiOS' app

Select 'Internet'

Select the 'Network Name' you want to change: the Network Name and Password will be visible.

Both may be changed at this time.

Select 'Edit' in top right corner

To Change the Network Name: delete the name and enter the name you desire

To Change the Password: delete current password, enter new password

Select 'Save' in top right corner

Exit app
