

Watching FiOS TV when away from Hershey's Mill - Seasonal Residents – this is especially good for Residents who are away for any period of time:

July, 2018

There is a mobile App that allows watching FIOS TV on any Internet connected device when away from Hershey's Mill. Download the FiOS TV App from the App Store. Follow the prompts to set this up and use it. We suggest setting it up while at Hershey's Mill.

The App should be able to be used on any Smart TV that is connected to the Internet.
