

FROM THE MAIN GATE

February 2019

MID-WINTER WARNING

Please be VERY aware of “black ice.” This almost-transparent form of ice can be very treacherous for walkers and drivers, as it accumulates on outdoor surfaces, such as roadways and sidewalks, and is extremely difficult to detect. During this time of year, the Security department responds to a high number of emergencies that are the result of a person slipping and falling on black ice. Storing Ice Melt or Salt in the house is an excellent idea, as slippery walkways can be treated without having to first use those walkways to access the Ice Melt or Salt in your garage.

Also, for the safety of other drivers and pedestrians, please remember to clean all snow and ice from your vehicle before driving.
