

HERSHEY'S MILL SPORTS GROUP

CREATING A LIFE STYLE

SPRING NEWSLETTER 2019

Welcome

Not just to the new people who visited the EXPO on the 22nd and 23rd, but to everyone who is part of the HMSG, "WELCOME". Every so often I decide that there is either enough news or news of significant to warrant a newsletter" This one promises to be short.

"Service" not "Nuisance"

The EXPO was a great success, with over 200 people attending and a call for a repeat next spring. One of the issues is how to assure those who attended to know when and how to become a part of the community, and not make it a one day affair. The goal of the HMSG is to encourage residents to become and stay active. *For many of us, we need a reminder.*

Many sports have found their route to success is to send reminders on a weekly basis "SERVICE". However, to the many regulars and those not interested, this becomes a "NUISANCE".

For this reason I will create two lists. The first will include most players and the second those who do not want to receive reminders.

All lists will offer the opportunity to "unsubscribe"; and when asked, so it will be.

Note: This does not mean you are eliminated from the general directory, only the reminder emails.

Upcoming Election

In September I will be retiring from the present job of president of the HMSG. Next month (60 days prior to the election) petitions must be submitted to the HMSG board. If you are interested or know of a qualified person that may be interested, please encourage them contact me or someone on the HMSG board. While the job is demanding at times, the rewards far out weigh those demands. (I am out of town for 6 months of the year) and yet found the task doable. *"Good people make the difference and I have been blessed"*

Tennis

A ball machine is arguably the best teaching tool in the sport. It can hit the ball at your pace to the same spot or make you run. Starting next Monday, June 10th, (and the 17th & 24th) we will be offering free instructions on how to set it up, and get the most out of it.

Come join us at 1:30 for one hour. The machine is kept in the shed by the pickleball courts and we use tennis court number 1 (next to the pickle courts)
