

Hershey's Mill Verizon FiOS KEEP SHEET

July 17, 2018 Updated Aug 2022, May 2023, July 24, 2025

Reference sheet to be provided in the Home Documents and stay with the property when sold or rented.

Do **Not** Call 1-800-VERIZON for any reason. Contact Phone Numbers:

Call Center - 1-800-501-1172 for Account and Billing questions, upgrades, downgrades, changes in equipment or services. *If you do not feel that the Agent understands what you need or how to deal with your concern, ask to speak to a Supervisor.*

FiOS Tech Support: 1-888-553-1555 Hint: *When you call this number, after verifying which telephone number is associated with your account, ask for Agent or Rep until a live person comes on the line. If there is a long wait time, use the Call Back feature.* The first step to solve any technical issue is to call this number. When on the phone with you, the Techs can send a signal through to your home, determine the problem and walk you through step by step solutions or repair over the phone. They can access your account to see if a setting is wrong and correct it if necessary.

Hersheysmill.org; FiOS Tips – has postings with solutions to common issues, instructions, great things to know, how to do them and more. More information on back.

*****Most Common Questions, Answers & Solutions: TV, Phone & Internet*****

Channels: Special Channels HMCTV formerly Channel 20 = 970/971.

NetFlix = 838; **Game Show Network** (Ultimate Channel Lineup Only) 184/684; **TCM** (Turner Classic Movies - Preferred & Ultimate Channel Lineups) 230

Wi-Fi – How to Connect to your Wi-Fi

LOCATE the wireless network name and password on the side of your router.

LAUNCH the Wi-Fi application on your device.

SELECT your network name from the list of networks.

ENTER your Wi-Fi password and select Connect. Suggest writing the WiFi Password in an accessible location. The Password is case sensitive.

[More on the Back](#)

Caller ID: How to Set Up FiOS Caller ID on the Television Notification:

On The Remote: Depress the 'Menu' button

Go to 'Settings', Depress the OK button. Go to 'Caller ID', Depress the OK button

Go to 'Check Availability', Depress the OK button.

Go to 'Alert Display', Depress the OK button. Go to 'Enable', Depress the OK button

Scroll to 'Alert Duration', Depress the OK button

Scroll to the Number of Seconds desired, Depress the OK button.

Press 'Exit' on the Remote

TV Not Working: Static or Snow Or Message on TV that says: NO Signal or Other

The TV is most likely receiving signal from the incorrect HDMI Input.

To correct this, on the REMOTE: Depress the "Input" button.

Continue to Depress this same button until the correct HDMI Input is highlighted on the TV Screen, then Depress the OK button on the remote. Depress Exit to return to Live Programming.

If this does not correct the Signal reception, unplug and re-plug the Router, wait 4 minutes, then unplug and re-plug the MAIN Set Top Box from the wall receptacle. Wait for 3 Minutes.

IMPORTANT: If the Signal is still not being received or the other issue is not cleared up, follow the steps above again. As a last resort, Call FiOS Tech Support 1-888-553-1555

TV will not turn On: Check to be sure it is plugged in, that the wall switch is in the up position, cable between TV & Set Top Box is plugged in securely and that the correct Remote paired with the TV is being used to turn it on.

***REMOTES** are paired with a specific Set Top Box and must only be used with the Set Top Box it is paired with. The Remote for one TV may Not be used for another TV.

No Dial Tone

- First, please check to be sure all extensions are properly hung up. This is the most common cause. Phones can look like they are hung up and are not. It will take a moment for the dial tone to return if an extension was off the hook.
- Second, check to be sure all extensions are plugged in or if they are plugged in to the top electrical receptacle, that the wall switch is turned on.
- Third, please call Tech Support (1-888-553-1555) from another phone (cell, neighbors). Tech Support will run a signal and either repair or instruct as to what has to happen next.
